- Stop all Cannabis use as follows:**
 - Smoked Cannabis- Stop 12 hours prior
 - Vaporized Cannabis- Stop 12 hours prior
 - Ingested Cannabis- Stop 8 hours prior
 - CBD oil ingested- Stop 8 hours prior

☐ SPECIAL MEDICATION INSTRUCTIONS:

What is an Esophagogastroduodenoscopy (EGD)?

EGD is an endoscopic procedure that allows your doctor to examine your esophagus, stomach and duodenum (part of your small intestine). Biopsies can be taken to diagnose other diseases.

An intravenous (IV) catheter will be inserted into a vein in your arm to provide hydration and medication to keep you asleep during your procedure.

You will receive nasal oxygen. We will monitor your heart rate, blood pressure and blood oxygen level throughout the procedure.

You will rest in the recovery room after the procedure until you can tolerate liquids, walk unassisted, and have stable vital signs.

THE ENTIRE PROCESS TAKES ABOUT 2 HOURS.

If the start of your procedure is delayed, we will do our best to keep you informed. Rest assured that during your EGD you will receive the highest quality care.

IMPORTANT

72 HOURS NOTICE IS REQUIRED FOR CANCELLATION.

IF YOU CANCEL LESS THAN 72 HOURS BEFORE YOUR PROCEDURE, YOU WILL BE CONSIDERED A "NO SHOW" AND MAY BE CHARGED A \$50 FEE. THIS FEE IS NOT COVERED BY INSURANCE.

If you have any questions, please contact one of our offices for assistance:

- 1991 Sproul Road, Suite 230, Broomall 610.449.1525
